

REMARKS

The amendments made to claims 3, 4, 6, 7, 11, and 17 were made to eliminate multiple dependent claims. The effect of the amendments relate only to matters of form, and the substance of the Claims remain the same. Other amendments made were to correct translation errors and to better claim the invention. Support for the newly added claim can be found in the Specification. It is respectfully submitted that no new matter has been added by any of the amendments to the Claims.

It is submitted that the present amendment places the application in good form for allowance, and an early and favorable action for this application is respectfully solicited.

Respectfully submitted,
